

DEVELOPING A PLAN FOR THE FUTURE OF BERGEN COUNTY'S PARKS

PARKS MASTER PLAN COMMUNITY MEETINGS

YOU'RE INVITED!

WHO: All Bergen County residents interested in parks

WHY: To help create a Master Plan for parks & recreation in the future

WHAT: At this second series of Community Meetings, we will discuss conceptual ideas for the parks using what we learned from 8 Public Information Sessions in Jan/Feb and more than 2100 survey responses.

Topics for discussion include:

- balance of nature conservation and active recreation
- enhancement of existing park facilities
- potential green connections
- environmental & historical stewardship
- multi-modal transportation
- events and concessions management

...and more!

SO: This is your opportunity to voice any ideas, concerns and desires for the future of County parks. Please join us for some more great conversations!
